

# Rollin Jay Moore

## Stand Up Comedian

Comedy Star From:

Rollin Jay Moore is currently the #1 stand-up comedian on Princess Cruise Lines, and once you see his show it is easy to understand why! Jay has the ability to connect with audiences of all ages and backgrounds with stand-up comedy that is clean, original, and full of energy. Top that off with Jay's friendly, South Carolina "Southern Charm", and you get a comedian who is irresistibly fun to watch.

When he is not bringing laughter across the seven seas on a Princess Cruise ship, Jay is in demand at top comedy clubs, colleges and corporate events across the country. He is a regular corporate entertainer in Las Vegas, where he is often the first comedian clients call on for their large conventions and trade show dinners. His act covers a variety of hilarious topics that everyone can relate to - from travel to families to food. His hysterical, over-the-top, physical delivery makes his performance great for large crowds.

One of the reasons Jay's act works so well with corporate audiences is his ability to incorporate jokes, comments, and funny observations that are specific to the group he is entertaining. If you have a specific topic or "special guest" in the audience that you would want included in the show, just let us know in advance and Jay will find a way to work it into his performance.
